Music

As we can see (Music) is the most subscribed Category in Top 1000 In Youtube channels, Also it ranks first in **views** as well, Although it is the fourth place in the number of total videos. Looking at these results, we find it somewhat logical, Especially the highest viewing rates for these reasons.

I-Repeat playing videos many times

II-Short duration of music videos

III- T-Series which is top subscribed channel and top views too far from the second channel

T-Series Channel

Top subscribed and The most watched channel , **Indian** channel that started its journey in 2006 , Has more than **235M** Subs and **213B** Views with **18600** Videos

Considering India Current population

1.408
Billion

Total videos

As we mentioned before, the total number of videos is **9.41M** for top 1000 Channels,
And when searching for the average duration of Youtube videos, we can
find the average is **11.7 minutes**
And with a simple calculation we conclude that

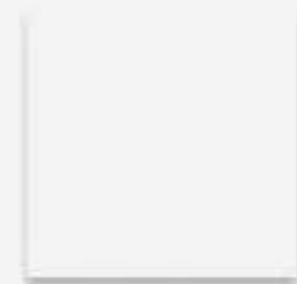

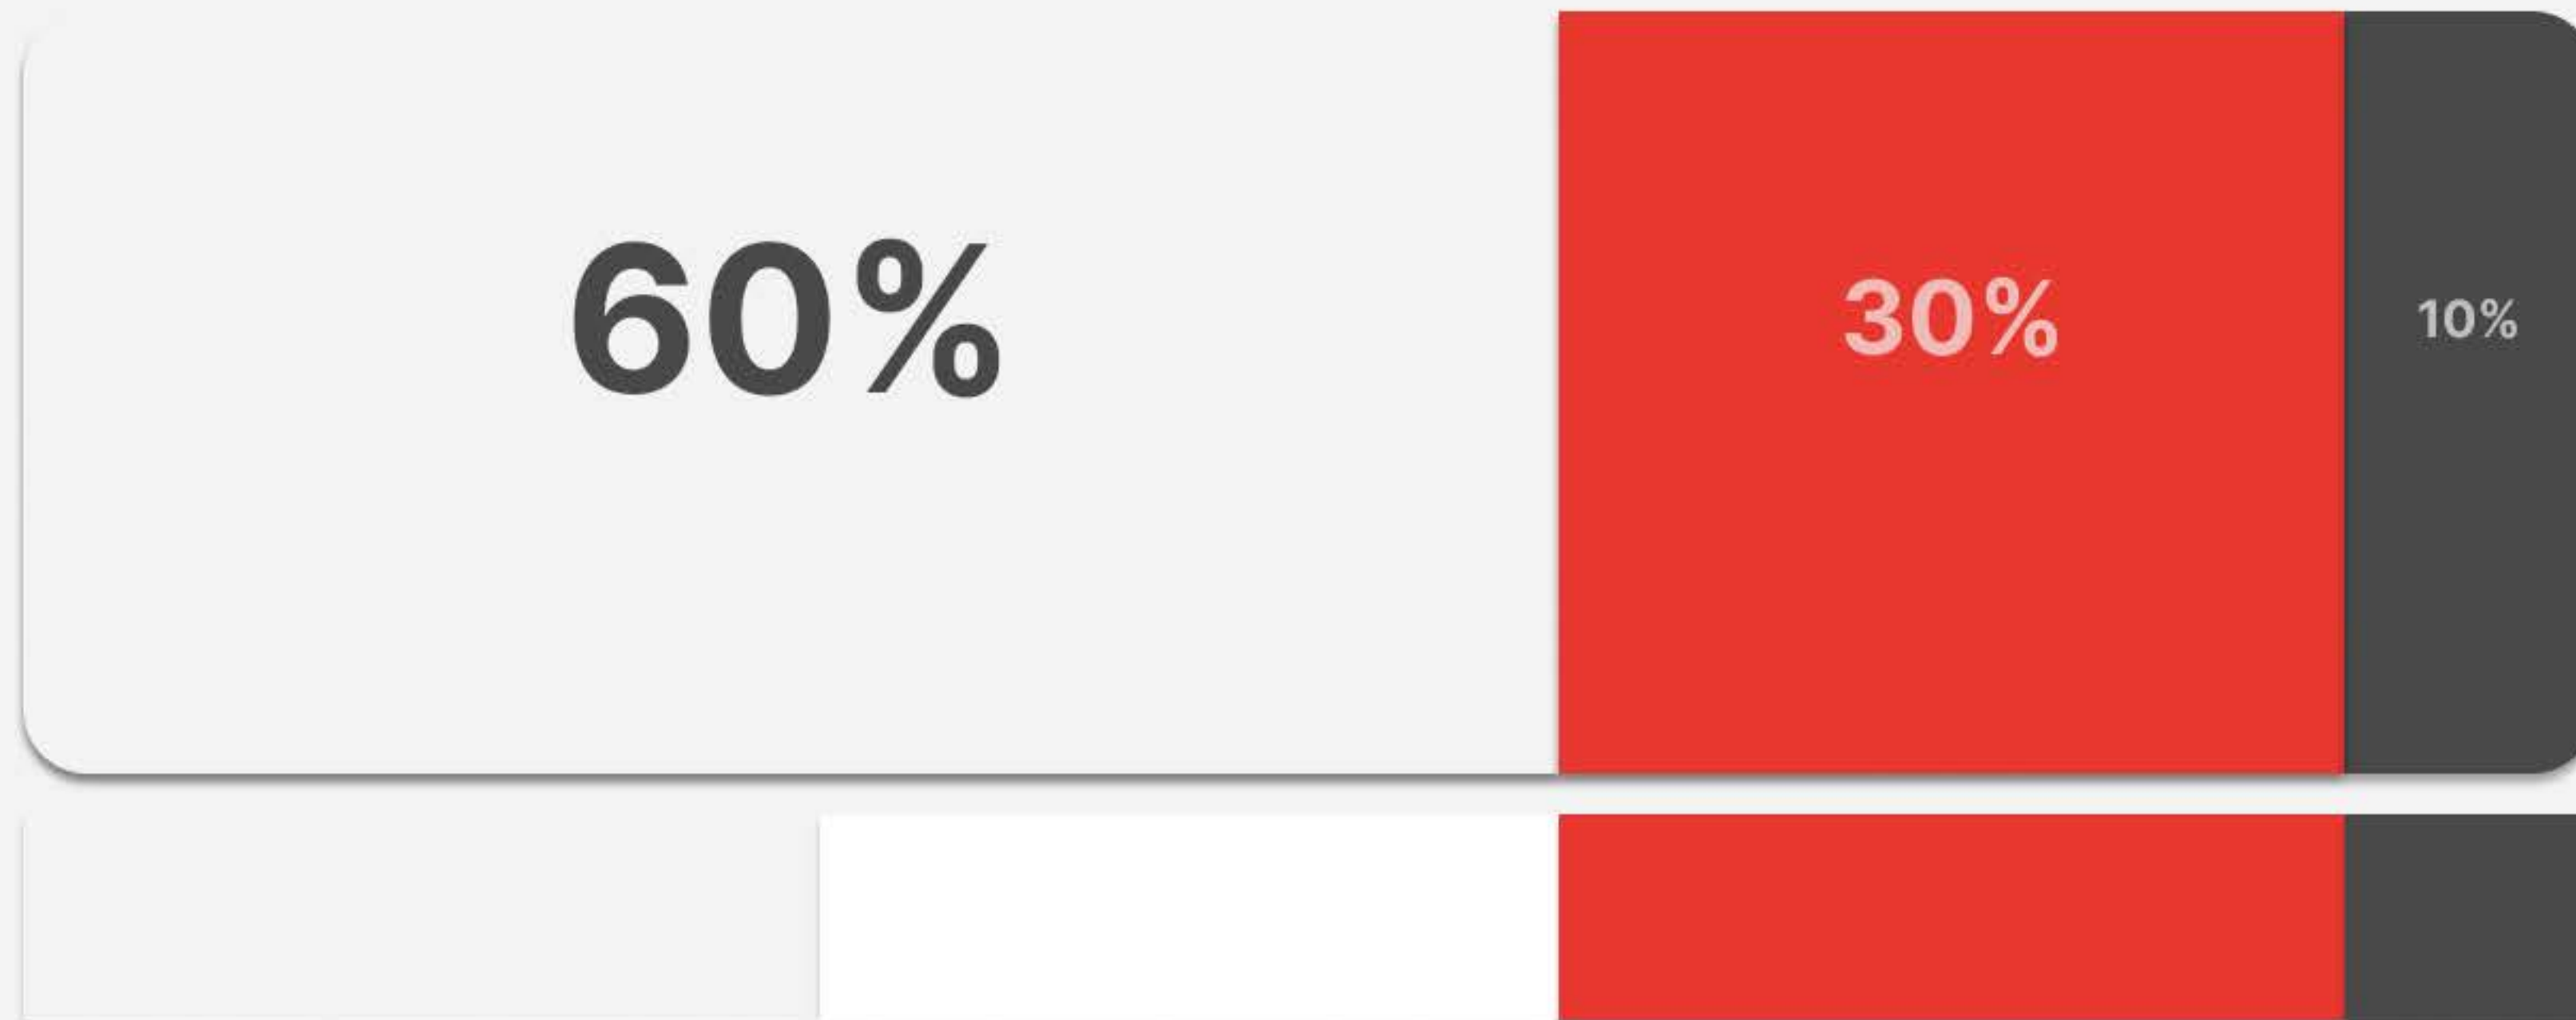

Total videos =

209.3
Years
